

PART II – Contract Clauses

Section I - Contract Clauses

INSTRUCTIONS:

Any clause or provision that requires completion (fill in the blank), whether provided in full text or incorporated by reference, shall be addressed by the vendor and submitted with their proposal.

Note: When the fill-in clause or provision is more appropriately completed at the task order level, complete the fill-in with “N/A.”

1.1 Task Order Clauses

In accordance with FAR 52.301, Solicitation Provisions and Contract Clauses (Matrix), due to the various combinations for contract provisions/clauses that may be Optional under an individual task order based on the contract type, statement of work, dollar value, and other specific customer agency requirements, BMO SB cannot predetermine all the contract provisions/clauses for future individual task orders. However, all Applicable and Required provisions/clauses set forth in FAR 52.301 automatically flow down to all BMO SB task orders, based on their specific contract type, statement of work, and dollar value.

All Applicable and Required provisions/clauses that automatically flow down to task orders shall remain unchanged as of Federal Acquisition Circular (FAC) No. 2005-87-2, effective date April 6, 2016, throughout the entire period of performance under BMO SB. If a future Applicable or Required provision(s)/clause(s) are to the benefit of future task orders solicited under BMO SB, the future Applicable or Required provision/clause may be updated by FAC No. and effective date under a bi-lateral modification to BMO SB.

The OCO must only identify any Optional, and/or Agency-Specific provisions/clauses for each individual task order solicitation and subsequent award. The OCO must provide the provision/clause Number, Title, Date, and fill-in information (if any), as of the date the task order solicitation is issued.

1.2 BMO SB Clauses

The following clauses apply only to the BMO SB MA-IDIQ task order contract. The clauses and dates remain unchanged throughout the term of BMO SB unless changed through a bi-lateral modification to BMO SB.

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from Date of Award through Contract expiration date.

All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control. (b) Maximum order. The Contractor is not obligated to honor—

Any order for a single item in excess of \$27B;

Any order for a combination of items in excess of \$27B; or

The contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule. The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."

The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations. Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period.
